Grey-Stone Lime	6s. 6d. per Yard, or 36 Bushels.	
Ditto, for Manure	5s. 6d.	ditto ditto
Pink, Ash ...	5s. 6d.	ditto ditto
Black ditto ...	3s. 6d.	ditto ditto

In not less than Six Yard quantities, and put on the Railway for all goods sent now on the London and Brighton, and South Eastern Railways, at times connected with them. A fresh supply host from the kilns daily, at the Bricklayers' Arms and Croydon Stations, and delivered to all parts.

Prices for Cash on delivery:—7s. per yard at the stations or works; 8s. per yard delivered within five miles; in not less than 5-yard quantities. Roading, 1s. per yard; 1s. per yard off if paid monthly. Sorting charged for. The Quality warranted to be the best.—Address Wrotham, near Reigate, Croydon; or Hall's-place, Old Kent-road.

ATKINSON'S CEMENT.—This Cement has hitherto been manufactured in Yorkshire, and, through long detention at sea, has often proved stale and unfit for use on its arrival in London. By the arrangement now made, the Cement will be manufactured in London, and thus presented to consumers in a fresh and genuine state, by the sole Agents, J. B. WHITE and SONS, Millbank-street, Westminster.

KEENE'S and PARIAN CEMENTS, for internal stucco, are employed very advantageously in place of wood for dividings, architraves, and panel mouldings, and for in-door shorings, instead of spars. The peculiar properties of PARIAN Cement allow of its being painted or papered upon within a few hours of its application, and thus render it an important substitute for common plastering in those cases where expedition and lightness of finish are essential.—J. B. WHITE and SONS, Millbank-street, Westminster, Patentees of KEENE'S Cement, Licensees of PARIAN Cement.

PORTLAND CEMENT, as manufactured by J. B. WHITE and SONS, possesses all the properties of the best Roman Cement but has the advantage over that material of wholly resisting frost. When used as a stucco it does not vegetate or turn green in damp situations, and requires no colouring. Employed as an hydraulic mortar for brickwork, it carries from two to five ounces of sand to one of cement, and is proved by trial to become harder and stronger in those proportions than Roman Cement with but one measure of sand. This superior cementing power, combined with its eminently hydraulic properties, point it out as the finest material for building and embankment walls, the lining of reservoirs, cisterns, and baths, and for all those purposes where strength and a perfect resistance to water are required.

Manufactory—J. B. WHITE and SONS, Millbank-street, Westminster, and 36, Seel-street, Liverpool.

PORTLAND CEMENT, solely MANUFACTURED by WILLIAM ASPDIN, then of the Potteries.—Messrs. ROBINS, ASPDIN, and Co. request reference to Nos. 236, page 671; and also Nos. 294 and 295, pages 345 and 381 of "The Builder," for accounts of EXPERIMENTS on the strength of Portland Cements, whereby the great superiority of their Cement is manifest. This Cement has been proved for upwards of twenty years in the Thames Tunnel to resist the action of water; it is stronger in its cementitious qualities, harder, and more durable than any other description of Cement; it does not vegetate, crystalize, or turn green; nor is it affected by any atmospheric influences whatever the climate, resisting alike the cold of frost and heat. It is manufactured to set in from 3 to 10 minutes. For all purposes that Cement is applicable the Proprietors challenge competition.—Orders received by Messrs. ROBINS, ASPDIN, and Company, at their Manufactory, Northfleet, Kent, and their Wharf, Great Scotland-yard, Whitehall; also at their Depôt, 6, Hanover-street, Liverpool.

MARTIN'S PATENT

FIRE-PROOF AND ORNAMENTAL CEMENT,

APPLICABLE FOR

ALL INTERNAL PURPOSES WHERE PLASTERING IS REQUIRED.

This invaluable Cement has now been before the public so many years, and obtained so high a standing in the estimation of all who have used it, that it is unnecessary to recommend on its merits. Messrs. ROBINS and MOSS however feel called upon to observe, that from the greater extent of surface which a given quantity of MARTIN'S will cover, as compared with other Cements for internal use, there will be found a gain of 10 per cent in material full 7 per cent less in price, with an additional saving in labour of 10 per cent., by its allowing about forty minutes for working, being less than one-fourth of the time of other cements of a similar nature, therefore worked with greater facility, making together the enormous saving of full THIRTY-THREE PER CENT., an advantage therefore cannot admit of doubt. Specimens, showing its beauty, hardness, and applicability to all plain and ornamental purposes may be seen; and the Cement, in any quantity, obtained of Messrs. STEVENS and SON, at their Plaster and Cement Works, 184, Drury-lane, London.—Manufactory, Derwent Mill, Derby.

N.B. This Cement will receive paint or paper in a few hours after the completion of the work by the plasterers.

JOHNS and Co.'s PATENT PERMANENT STUCCO WASH, CEMENT, and PAINT.—The attention of the trade and the public generally is solicited to these very well-established and well-known materials, which, for their beauty, durability, imperviousness, and cheapness are unequalled. THE PERMANENT WASH, as a substitute for common lime-wash or water-colour, is an article which has long been wanting for cheap and brief work; it is a stone colour, but may be tinted any colour; is perfectly dry in twenty-four hours; will not wash off; is very little dearer than the common washes; and, being a non-absorbent, is admirably adapted for railway stations, open workhouses, schools, barracks, prisons, &c., which require to be often washed over. THE CEMENT, from the great reduction in price, and its satisfactory use in lieu of, as external surfaces, plaster in other materials of its kind; it has no equals; may be painted or papered in a few days; never blisters, cracks, or chips off; may be used on brick or stone, and when coloured with a brush and sand. THE PAINT are well known for its spreading to double work of all kinds, and colouring well; PERMANENT. Numerous testimonials, prospectuses, and every particular may be obtained, on application to the Sole Agent, WILLIAM HALL, of the Warehouse, 32, Bread-yard, Upper Thames-street. A liberal allowance to wholesale dealers.

BELL'S PATENT LIQUID CEMENT is ready for use, and only one-eighth the cost of oil-paint. For beauty it is pre-eminent, giving the finest appearance of FINE CUT STONE. Can be used in stone or fresh lime-work, or any other plastering, and will protect the walls to wet or Internal Ornament. In shades of 1, 2, and 3 cwt., as in the case and then under inclusive.

PATENT MINERAL PAINTS.

Invaluable for absorption, beauty, and permanence; just half the cost of other paints, always ready for use, will keep good for years, and therefore well suited for exportation. Brilliant colours, which become more rich before gloss, 6d. per gallon.

C. BELL and Co. 2, Wellington-street, Cornhill.

THE PARIAN CEMENT, for INTERNAL STUCCO, which you supplied at Messrs. J. & R. MORLEY'S warehouse and dwelling in Wood-street, Cheapside, in the City, has been used throughout the premises, in every story; altogether about ten thousand yards superficial, chiefly in two coats on the walls, and a small portion upon timber partitions, and that with the most perfect and satisfactory result. I feel it my necessary to observe, that the plasterers' work was almost invariably finished on the next day by the painters, thereby enabling me to have the buildings completed in the shortest possible time. In the interest and for the preservation of the establishment, I am, therefore, of opinion, that the use of this new material is a most valuable feature in building operations, and fully justifies that which I may term to understand, viz., that it was an extraordinary expense. I think it right to mention that I am at the present time having a great extent of similar work executed in London, in consequence of having, where time and the quality of the work are of the utmost importance.

(Signed) JNO. WALLEN, Architect, London.

To Messrs. Chas. Francis and Sons, Manufacturers, Nine Elms.

HERTSLET and Co., ADELPHI WHARF, STRAND.

MEMEL TIMBER, 6in. per load; average length, 20 feet; 100 square.

HOLLOW BRICKS.—Herndon's Patent, for fireproof partitions, groundwork, &c. Fire-bricks, 45s. per thousand.

DOUBLE SOCKET JUNCTIONS FOR PIPES, &c.—Herndon's Patent.

BEST COALS, 21s. per ton, full weight and well screened.

HERTSLET and Co., Adelphi Wharf, Strand.

THE PATENT ARCHITECTURAL ROOFING TILES are especially recommended as an improved system of roofing, and, from their extremely light and elegant appearance, are peculiarly suited for covering Churches, Parsonages, Schools, Ornamental and other Villas. A material feature of these Tiles is their economy; they are so simple in their fixing, and do not require skilled workmen. Every information may be obtained by application to the Secretary, at the Offices, No. 158, Strand, where specimens of the Tiles may be seen.

MINTON and CO.'S ENCAUSTIC and other PATENT TILES for Churches, Entrance Halls, Conservatories, Balconies, &c., Antique, Geometrical, and Alhambra Mosaics, manufactures of a highly decorative character and extreme durability; Slabs and Tiles for Fireplaces and Decorative Copings for Grates. Tables for Furniture, White Encaustic Tiles and Ornamental Tiles for Bathing Purposes, and Kitchen Ranges may be had in great variety at their Warehouses, 3, Albion-place, Blackfriars-bridge, London, and at their Manufactory, Stoke-upon-Trent, Staffordshire.

WHITE SUFFOLK and RED FACING BRICKS, of superior quality. Moulded bricks to any pattern. Apply to Mr. BENJAMIN GOUGH, 27, Newington-crescent, Newington Butts.

N.B. COWLEY and KENT BRICKS, and KENTISH RAGSTONE direct from the Quarries, at reduced price.

BRICKS.—800,000 capital old BRICKS now being taken down for the various improvements and New Streets, and are TO BE SOLD at remarkably low prices. For particulars apply to BENJAMIN GOODMAN, Builder in Old Building Materials, Cambridge-road, Mile-end.

RED BRICKS.—80,000 RED BRICKS, of good quality, to be SOLD at a low price for cash.—Apply by letter (prepaid), with real name and address, to A. B., No. 1a, Albert-street, Kennington-road.

RED-FACING KILN BRICKS of superior colour and quality are now ready for delivery at Croydon station, on the Dover Railway, at 32s. 6d. and at any station beyond towards London, and at the Bricklayers' Arms station, at 40s. per rank.—Apply to the Foreman of the Brick and Tile Works, Wrotham, near Reigate, or to the proprietor at Ballarat, Reigate. Specimens may be seen at the office of "The Builder," 2, York-street, Covent-garden.

WARD and Co., HONDURAS WHARF, BANKSIDE, and JAMAICA COFFEE HOUSE, CORNHILL, LONDON.

Fire Bricks, best, 45s. per thousand; Stock Bricks, 27s.; Country Pan Tiles, 25s.; Plain, 22s. 6d.; 13 and 9 in. Flooring ditto, very bright and red. Paving, Chequ, and Channel Tiles. Blue Staffordshire Paving, 2 cwt. each. Red Bricks; Gate Lamps, Tiles, Ehler lozenges, Pattern-goods; Clay, Loam, &c., of the best sort, and cheaper than any other house; Sand Pulled; Sanitary Pipes; Dutch and English Clinkers; Suffolk Pavers, White and Red; Patent Malting Tiles, &c. Shipments to all parts of the world.

BRICKS.—In consequence of the low price at which Brick-makers have, for some time past, been purchasing Ashes and Breeze, H. BUDD is enabled to offer his Bricks, which are of good quality, at the following low prices; and as his fields are only a quarter of an hour's walk from the City, R. D. earnestly requests purchasers will favour him with a visit, in order to inspect his stock and to judge for themselves.

Marle Cutters ...	28s.	per thousand.
Yellow Stocks ...	25s. 6d.	"
Pale Rowards ...	24s.	"
Paviors ...	22s.	"
Place ...	20s.	"
Phillings ...	17s.	"

Marle Place, Half-worked Arches, and Place Bricks, at equally low prices. These bricks are sound, well burnt, and commonly free from defects; a very large proportion of the Stocks being suitable for external facing. They will be delivered at the above prices anywhere within eight miles of the Bridge.

Apply to HENRY DUDD and Co., at the Counting-house, Horton Brickfields, Grange-walk, near the Rosemary Branch, Hoxton.

N.B. Red Pit Sand, of approved quality, constantly on sale upon reasonable terms. In the preparation of mortar, where it is desirable that the work should be kept as free from damp as possible, this sand, from its not containing any saline matter, is acknowledged to be preferable to river sand.

FRENCH PAPER HANGINGS DUTY FREE.—NOTICE OF REMOVAL.—In consequence of the great increase of their Trade, Messrs. MARES have removed from Princes-street, Leicester-square, to very extensive manufacturing premises, 2, Great Queen-street, Lincoln's-inn-fields, and 21, Portland-street, Drury-lane, where, in addition to their usual large Stock of Parisian Papers, they are now printing First Class French Designs from 1s. to 1s. 6d. per piece of 12 yards. Oaks, Marbles, &c. from 6d. Flocks, Satins, and all others equally low. French Papers exported to Board, and Country and Building Orders executed with despatch.
